

# Need help keeping a job?

A person (or their employer) whose Employment is at risk because of their injury, disability or health condition can seek assistance via the DES 'Work Assist Program'. **MADEC can help!**

## MADEC will provide:

- advice and assistance to Work Assist participants and employers to identify barriers and implement solutions that will maintain their employment
- assistance and information to Employers and staff to support the Work Assist participant in the workplace
- interventions such as physiotherapy, occupational therapy, pain management or psychological counselling
- access to services, workplace assessments and modifications available through Job Access and the Employee Assistance Fund

## To be eligible for Work Assist:

- employee is having difficulties fulfilling the essential requirements of their employment due to injury, disability or health condition
- be currently employed and have been working in that job for a minimum of eight hours per week on average over a consecutive 13 week period or there is an expectation that the employment will last for at least 13 weeks for a minimum of eight hours per week on average
- be assessed by the DES provider as eligible to register for DES to maintain their employment

**Participants must meet registration eligibility requirements .**
